

INTER STATE OIL CARRIER LIMITED

DETAILS OF BUSINESS

Inter State Oil Carrier Limited is engaged in the transportation business, with a strong focus on long-distance haulage of bulk liquids and gas transportation across India. The Company specializes in the movement of a wide range of chemicals and industrial products, including Ethanol, MEG, Methanol, Acetic Acid, Acetone, Formalin, Linear Alkylbenzene, Acid Slurry, Mixed Xylene, Solvents, Naptha, Exxsol D-8, Exxsol KD-80, Phenol, C-9, Chryso AMA, Bentone SP Oil, Cyclopentane, MEK, Butyl Acetate, MIBK, Sodium Silicate, Bio-Diesel, Toluene, Emulsion, N-Butanol and more.

In addition to liquid transportation, the Company has expanded into gas transportation, handling products such as Butene-1, LPG, and Propylene, thereby strengthening its presence in the bulk energy and petrochemical logistics segment.

The Company has its registered office in Kolkata, with branch networks in Mumbai and Kandla, and representative networks at Haldia, Chennai, Hazira, and Vadodara, ensuring a strong and widespread operational presence across key industrial hubs in India.

Further, the Company in March, 2026 has commenced multimodal transportation services through railways. As part of this strategic expansion, trial demonstration operations for rail-based multimodal transportation have been initiated.

This development marks a significant step in diversifying the Company's logistics capabilities beyond road tanker transportation to integrated multimodal solutions. The inclusion of rail transport is expected to enhance logistics capacity, improve operational efficiency, and enable more effective handling of bulk cargo over long distances.
